

Bringing Innovation to Software
Solutions

Our Values

1 Client-Centric

Our core values are built on understanding our clients' needs and exceeding their expectations.

3 Innovation rooted on fundamentals

We strive to empower our clients with cutting-edge technology and innovative solutions to drive their success.

2 Deep Expertise

Our team brings deep industry knowledge and hands-on experience in delivering transformative solutions...

4 Integrity & Transparency

We operate with integrity, transparency, and ethical conduct in all our interactions.

The people and our growing strength

QuanHack is a growing team of specialized members standing at 45 plus delivery-oriented professionals, meticulously selected for their expertise and collaborative spirit working alongside Sree. With a foundation rooted in value to customer through cutting-edge technology and industry innovation, we empower our clients with tailored solutions that leverage cloud, big-data, app development, architectural services and the latest advancements, including GenAI.

Our Services

Cloud & Data Engineering

Infrastructure management & system architecture services over:

- AWS
- Azure
- Databricks

Applications, Platform & Architecture

Full stack development over React, Angular, NextJS, Python, Multi Cloud, Server less and full DevOps from Application Development & Lifecycle Management to CI - CD infrastructure

Tech Transfer

Tech-transfer capabilities, domain knowledge, configuration and technical solution architecture services for new solution extensions

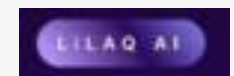

Generative Ai Capabilities

LLM, RAG, Knowledge Graphs, Multi model system, Diffusion models solutions. GenAi centric interface for interfaces & solution extensions Architecting and development.

GenAi Platform LILAQ.AI

Prioritize data driven innovation in equipping Client to perform at best in their functional journey to deliver faster call any business scenarios.

Our Team and Leadership

Experienced Professionals

Our team comprises highly skilled professionals with diverse backgrounds and expertise in various technology domains.

Mentorship & Growth

We foster a culture of mentorship and continuous learning to empower our team members to reach their full potential.

Strong Leadership

We are led by experienced and visionary leaders who are committed to driving innovation and excellence.

Innovative Solutions Driving Customer Satisfaction

GenAi platform - LiLaQ

Bespoke software leveraging data-driven innovation to empower clients in the pharmaceutical sector and various other industries.

Sustainability

Utilizing cutting-edge technology and Power BI for precise carbon emission evaluation, optimizing energy management, and reducing waste to enhance environmental stewardship.

GenAi platform

Streamlined platform integrating advanced technology across manufacturing, supply chain management and customer service. Swiftly transforming data into actionable insights for enhanced efficiency.

An innovative application connecting individuals with shared interests, featuring a centralized hub for event management and venue selection."

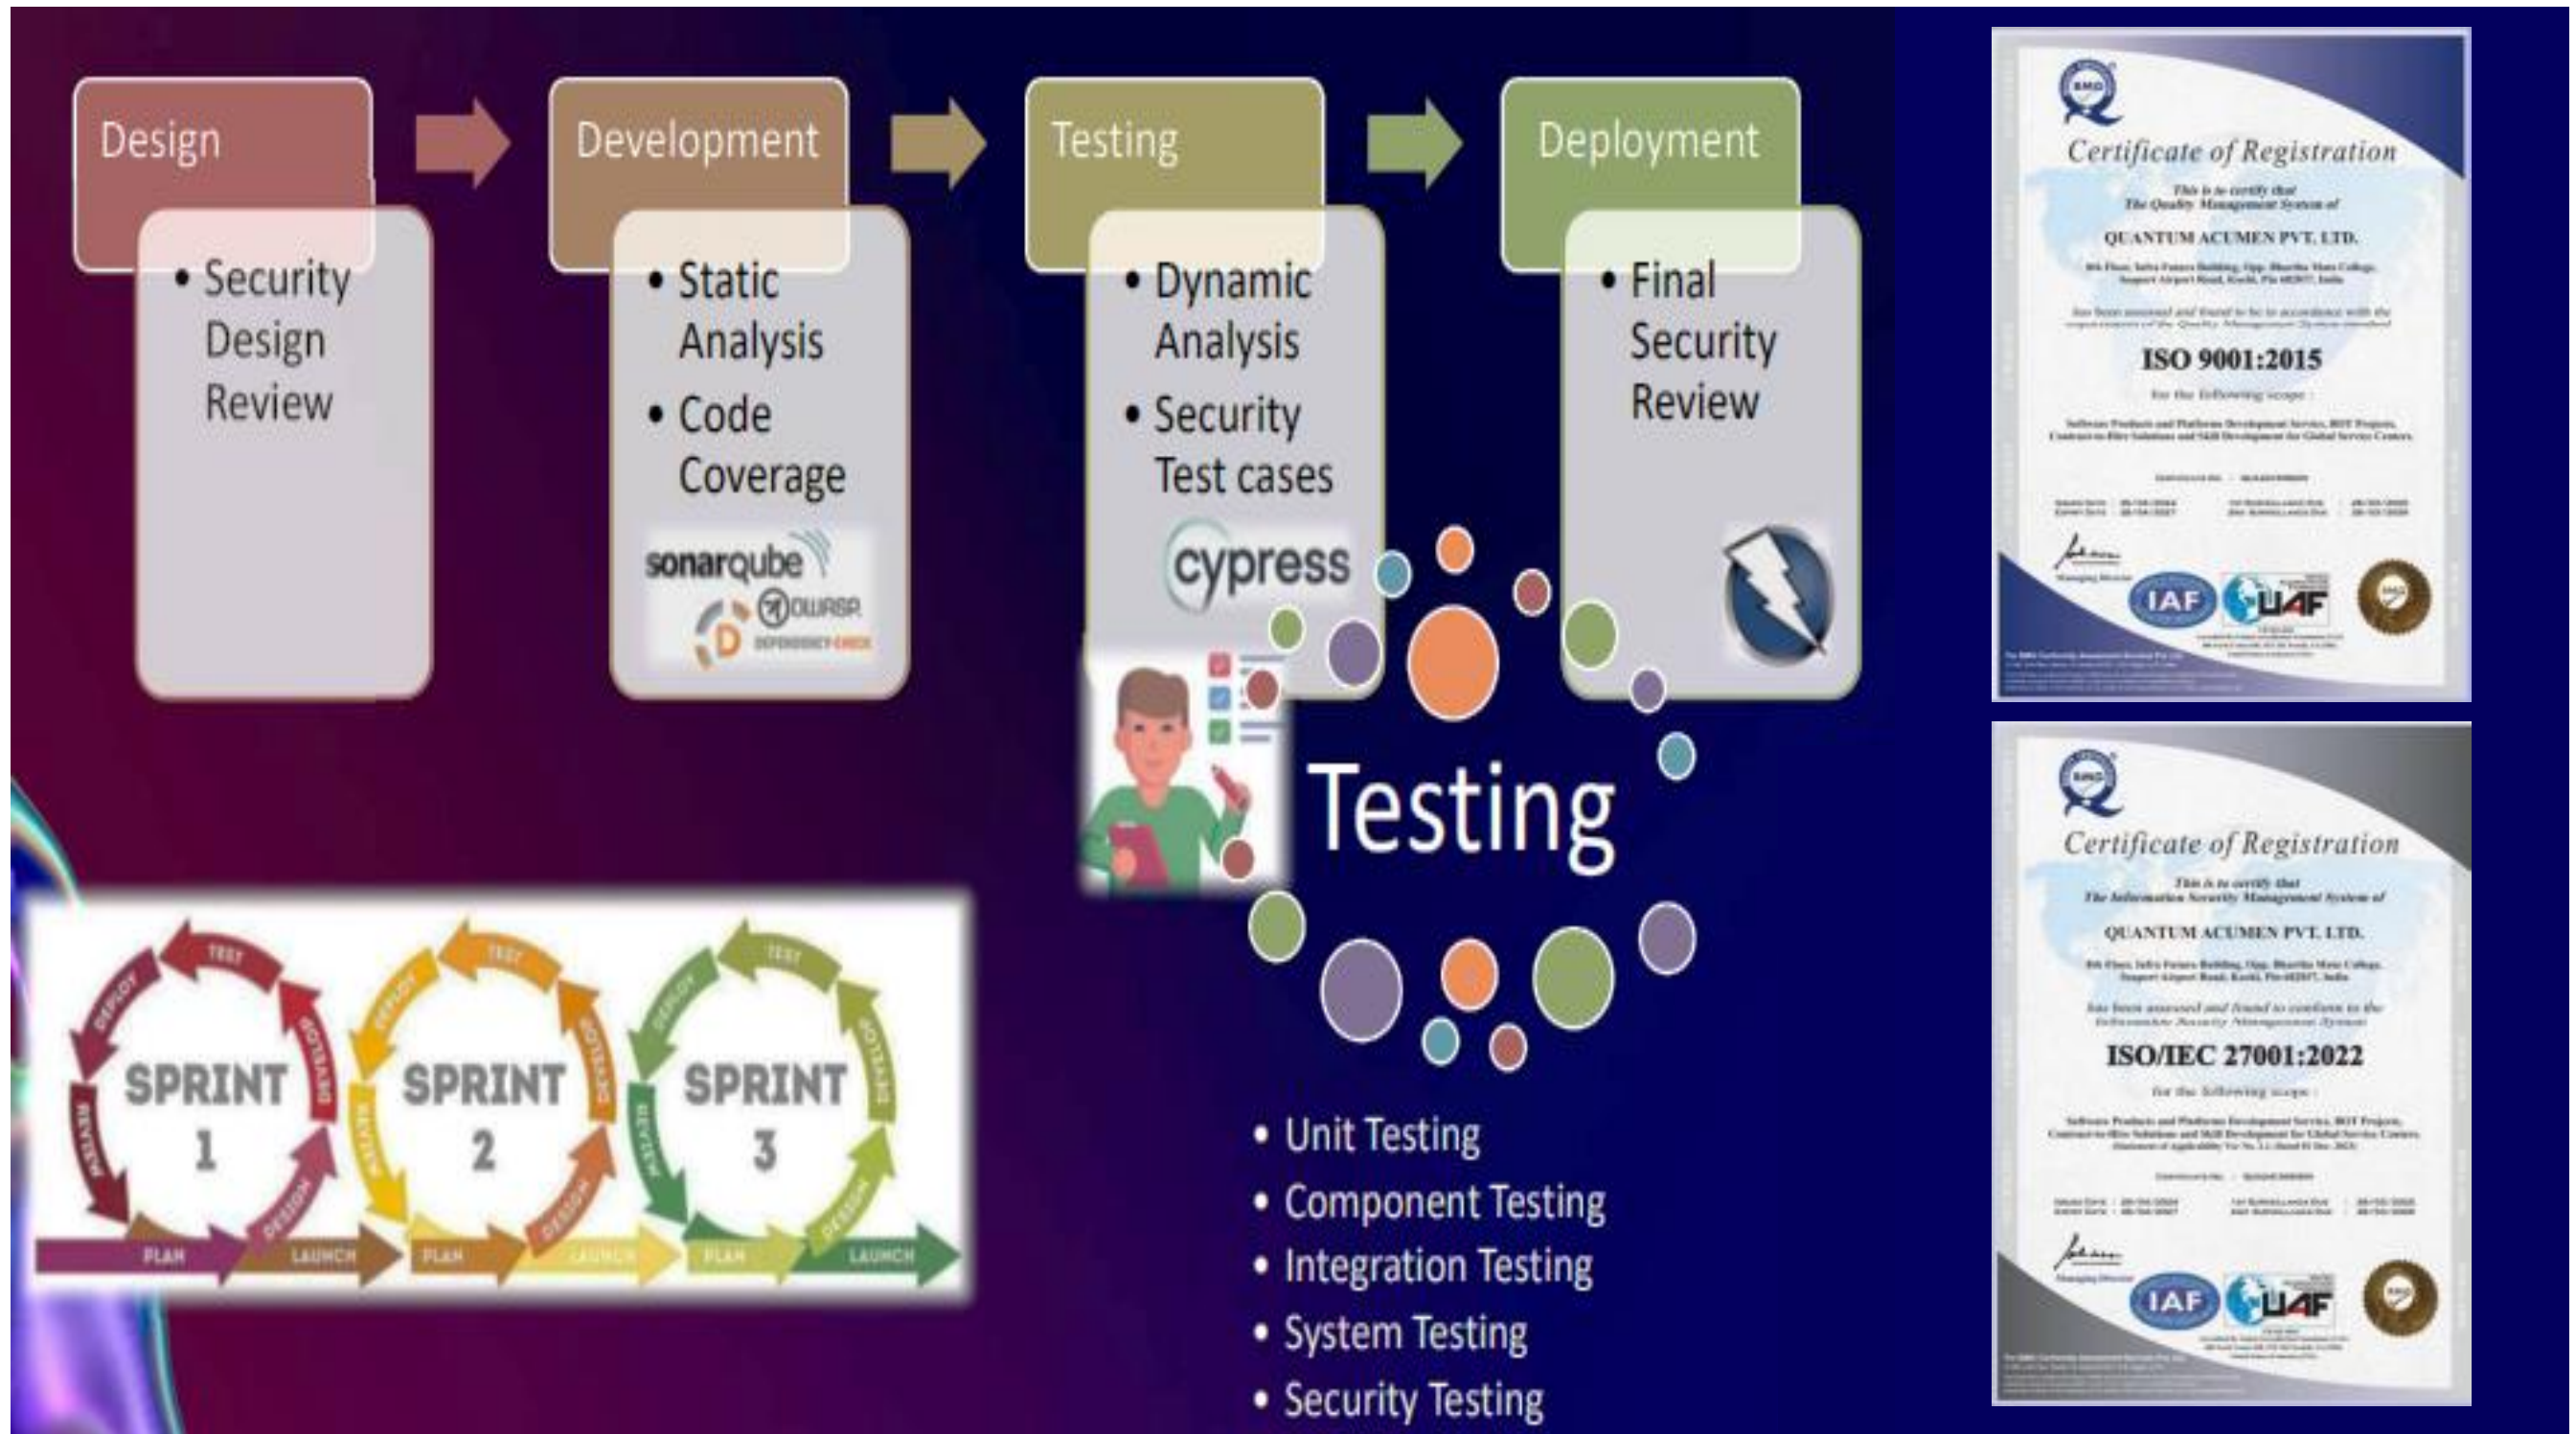

Convене

DentaScan utilizes AI technologies to identify dental faults through machine learning, revolutionizing dental diagnostics.

FAJBAAN

Our Approach to Programme Management

1

Agile Development Methodology

We leverage Agile methodologies to deliver projects iteratively, ensuring flexibility and client involvement throughout the process.

2

Quality Assurance & Testing

We maintain rigorous quality assurance practices, conducting thorough testing to ensure optimal performance and functionality.

3

Deployment & Support

We seamlessly deploy projects and provide ongoing support, ensuring seamless transition and ongoing success.

Our Commitment to Innovation

Research & Development

We invest in research and development initiatives to stay at the forefront of technological advancements.

Exploring New Technologies

We embrace emerging technologies and explore innovative ways to leverage them for client solutions.

Creative Solutions

We encourage a culture of creativity and innovation to deliver out-of-the-box solutions to complex challenges.

Future-Proof Solutions

We design solutions that are scalable, adaptable, and future-proof to meet the evolving needs of our clients.

Client interaction Model
